

Huawei MA5626 Optical Module

Overview

Huawei SmartAX MA5626 is a box-type device configurable with a GPON uplink ports and up to 8, 16, or 24 downstream ports for broadband, voip, pots, and Internet access services. This page provides the huawei MA5626 user manual and user guide, including the product description, configuration guide. MA5626, and MA5669 support wide temperature ranges. Specifically, they support working temperatures ranging from -40°C to 65°C and even can be s n a wall or a pole without any fa batch pre-deployment Remote upgrade and monitorSmartAX MA5626 Remote Optical Access Equipment: Access product manuals, HedEx documents, product images and visio stencils. Optical Network Units (ONUs) with Power-over-Ethernet (PoE) support, comprehensive QoS features including Dynamic Bandwidth Allocation (DBA), and up to 8 downstream ports. Ideal for IPTV, video monitoring, and wireless broadband services in small and medium-sized offices.
